Transportations Taiwan

Easy Access

By Air

Taiwan has five main international airports with international scheduled flights: Taiwan Taoyuan International Airport, Kaohsiung International Airport, Taipei Songshan Airport, Taichung Airport and Tainan Airport. Each offers convenient direct links to major countries.

Getting around Taiwan

By Domestic Flights

Taiwan's domestic air network provides flights to Hualien and Taitung, as well as off-island territories such as Kinmen, Matsu, Penghu, Green Island and Orchid Island.

By Train

Taiwan High Speed Rail

Taiwan has an extensive and efficient transport infrastructure, making travel around the island and its cities convenient and stress free. The Taiwan High Speed Rail (THSR) covers 345 kilometres along the west side of the island, whisking passengers from Taipei in the north to Kaohsiung in the south in just 90 minutes.

Mainline Rail Network

Taiwan also has an established and extensive mainline rail network providing an inexpensive means of getting around the island. The network has stations conveniently located in the centre of cities and towns.

By Metro (MRT)

The municipalities of Taipei, Taichung and Kaohsiung have metro systems called the MRT, providing very cheap and convenient transport. They are rated as some of the best in the world with unparalleled levels of punctuality, reliability and cleanliness.

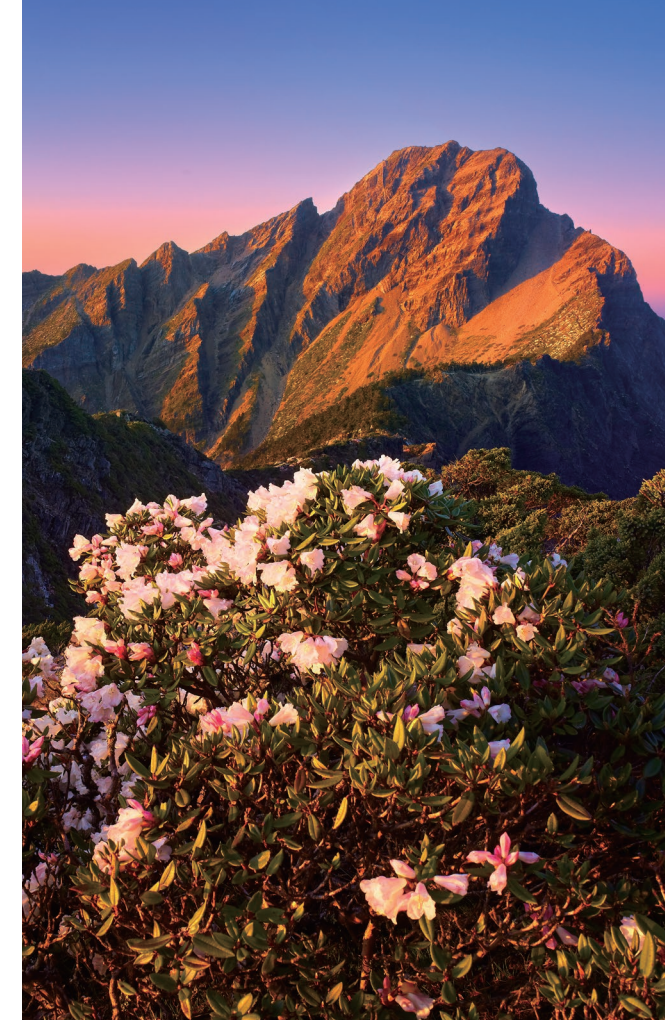

By Bus, Car and Taxi

Twenty-four-hour bus services for long distance trips are provided by most bus companies, while overseas visitors can easily hire a car with an international driving licence. Taiwan also offers an abundance of cheap, safe and reliable taxis.

By Two Wheels

Taiwan has an island-wide cycling route network totaling around 1,000km, inviting visitors to explore endless rolling fun on two wheels. In addition, Taipei, Kaohsiung and many other cities have developed public-use bicycle systems that visitors can conveniently utilize during their stay to access tourist attractions, minimizing carbon emissions and leaving only eco-friendly footprints.

Time for Nature

At first sight of the island's crystalline lakes and lush gorges, it's abundantly clear why Portuguese explorers called Taiwan 'Formosa', or 'beautiful island'. Two-thirds cloaked by verdant mountains, its eight national parks offer a stunningly diverse landscape to explore, from climbable cliffs and volcanic craters to white-sand coral beaches and tropical forests. On land or on water, it's time to discover one of nature's least-known playgrounds: Taiwan.

Taiwan has been abundantly endowed with mountains; 258 of its peaks are more than 3,000 meters high, making the island geographically unique. As mountains can be found anywhere, mountain climbing is a popular leisure activity in Taiwan. The mountains on the outskirts of the city can be reached within a short time, and they can be easily used for team-building activities. In addition, there are 8 national parks and 13 national scenic areas which offer a variety of distinct topographic landscapes. These natural attractions await your discovery in Taiwan.

Time to Marvel

During Taiwan's long history, prehistoric people, indigenous tribes, Dutch, Spanish, Japanese, and Han Chinese have successively populated the island, creating a varied culture and developing different local customs and traditions along the way. When visiting Taiwan, you will be able to come in touch with all aspects of this beautiful country's multifaceted cultures.

Fascinating festivals and traditional activities enrich Taiwan's uniqueness all year round. Visitors will have fun anywhere, anytime. Don't miss the chance to experience these great events in Taiwan and combine them into your own special event.

Time to Eat

In Taiwan, cooking techniques from all areas of China have fused; the Taiwanese have not only mastered the traditional local Chinese specialties, but have also used traditional techniques to develop new culinary treats.

For gastronomic adventurers, Taiwan offers plenty of surprises to savour. Whether its classic Taiwanese snacks in night markets, or discovering Michelin-starred morsels in the cities' sleek restaurants, the abundance of local produce and rich ethnic history makes Taiwan the region's most inviting table. Make time to taste Taiwan.

Time for Two Wheels

Get close to nature through outdoor excitement and create your LOHAS experience in Taiwan.

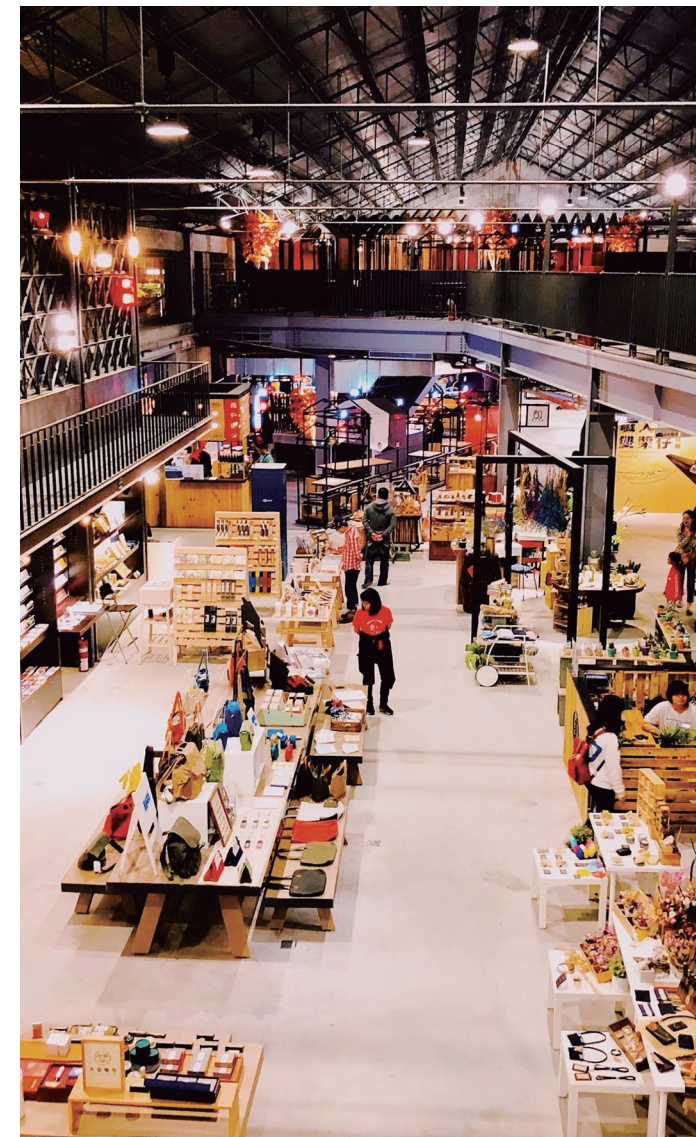

From exhilarating peaks and lush valleys to perfect lakes, Taiwan offers cyclists some of the world's most spectacular scenery for two-wheeled discovery, all accessible on hundreds of miles of smooth road, protected bikeways and off-road routes. For relaxed riders or athletic adventurers, there's no better place to explore pristine nature and breathtaking vistas – there are even bike-friendly hotels and restaurants where bikers can pause for refreshment, all while enjoying the nation's famously warm welcome and fabulous food.

Time to Shop

Shoppers love Taiwan. From the designer boutiques of Ximending to the gadget stores of Computer Lane, the island's full of great places to indulge your passion. And thanks to our proud tradition of craftsmanship you can also stock up on happy memories of your trip. Paper umbrellas painted by hand. Beautiful woodcarvings. Stunning glass art. There's even a weekend jade market filled with ornate trinkets made from the mythical green stone. Or visit the charming Maokong Tea Gardens and give yourself a taste of Taiwan's magic.

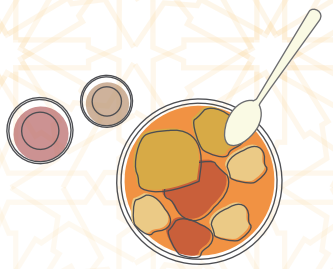

Muslim Friendly Environment

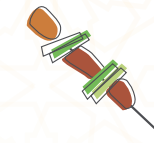

Taiwan provides a very friendly environment for Muslims. All 13 national scenic area administrations islandwide provide prayer rooms and specially clean facilities to create Muslim-friendly environment. Furthermore, Taiwan Tourism Administration keeps encouraging more hotels and restaurants to obtain Halal certification so that travelers are able to taste the diverse cuisine from Chinese beef noodle to lamb steaks in Muslim-friendly restaurants everywhere.

TAIPEI ARENA

The Taipei Arena is an important indoor facility within the city of Taipei's overall exercise facility construction plan. The building is divided into the main hall and subsidiary arena. The main hall is comprised of 2 underground levels and 5 reinforced concrete levels above ground, covering an area of approximately 90,900 square meters. The interior floor of the main hall is 76m long and 41.5m wide and about 60m X 29.5m when all retractable seats are fully extended. When needed, the center floor can be completely frozen and become a standard indoor arena for sports or other events held on ice. The arena can be used for a variety of purposes based on need. Because of this, the arena was able to host top of the line racing competitions held by SportAccord (International Sports Federations) and is also in hot demand by both domestic and international arts groups who compete to rent it out for a variety of shows. Within the main stadium are makeup rooms, lounges and offices of different sizes provided for the use of competitors, performers and administrative personnel. In addition, the lounges and unloading docks are equipped with both cable and wireless internet service.
